This super auction consists of 2 exceptional first time offered genuine large estates. The first comes from a West Lake Rd. Skaneateles, NY historically significant estate home with family that were descendants of the Wedgwood family of England. They also had a letter written by Stephen Crane while at Syracuse University in 1891? to a friend. Crane was an SU student and died at a young age of 27. He was a war correspondent and many say he was the Father of the U.S. Literary movement. He was also the catcher on the S.U. baseball team. The family in Skaneateles were generations of SU graduates and some SU early items are here for the auction (scrapbook, gold pin paper items, letter, etc.) There are very few early letters by Crane available for sale. Our second consignors so noted on LiveAuctioneers.com as the estate from Manlius, NY, has nice vintage solid cherry Leopold Stickley mint condition, original finish furniture, guns, gold diamond jewelry, Sterling silver and many more estate treasures. 100 - antique + modern rifles (from an 84-year-old owner)

NOTE TO BUYERS:

This is a sportsman's collection from an 84-year-old couple that lived close to the Adirondacks of NY State, who are having health issues. Many of the items that they have collected I am not very knowledgeable about, so we have had help in identifying + putting into large lots for their one-owner, no-reserve, Jan 2, 2022 auction.

**Don't forget Jan 1, 2022 auction
with more firearms, antiques
and much more**
