*We are honored to present the life-long curated collection of the late Lisa Whittington.*

There are very few people who instinctively possess that elusive taste for selecting the best of kind. She did, and understood the value of beautiful things. As a dealer, she helped countless people gather collections, placing every object, providing every detail. She had a devoted following of alert collectors who spotted her genius and entrusted her with guiding them in their search. She knew paint surfaces like the back of her hand. The years she and Dick spent in the English countryside enriched her talents, adding the folk art of Great Britain to her areas of expertise. Lisa just kept growing in her knowledge and awareness until she possessed a vast understanding of the heart of antiques collecting. And...she always shared, guided by that generous spirit of hers.

This live auction features over 400 lots of wonderful country furniture and colorful accessories.

Another 300 lots from Lisa's collection will be up for bidding in our timed auction, running for 10 days in conjunction with this live event.

Both sales will be available to preview simultaneously, from July 28th thru 30th. *Please plan to attend the live auction on July 31st.*
