Statue

We are privileged to have been selected to disburse the remaining contents of this incredible estate. Most of the items are generational and were passed down for the past five generations. The heirs have made the decision to sell them so other people can enjoy them. This is our best online auction we have conducted to date. Several items are of museum quality including a pair of LCT Tiffany Greco Roman style touchier lamps with Favrile shades, two Alfred Thompson Bricher oil on board paintings of coastal New England, and Paul Storr sterling wine cooler weighing 72 troy ounces, a tavern sign with a life size Kingfisher bird in the center. These have never been offered before and were family heirlooms. Other items included are period furniture, clocks, china, glass and vintage doll house collection and furniture. There are over 300 catalogued

lots probably containing over 2000 items. This sale is for the discerning buyer and to individuals seeking quality home items.

Terms & Conditions: There is a 20% Buyer's premium on all items purchased. Payment is due upon receipt of invoice and will be automatically charged to your credit card on file. No checks will be accepted on the day of pick up. All sales are final with no credit or return. All items are SOLD AS IS, WHERE IS. The items you are purchasing are antique or used items so please expect signs of wear consistent with age and use. If you have any questions or concerns, please contact us prior to bidding.
